

Subject Line: Accepting Indicator 14 Survey Funding

Dear Wisconsin School District or 2r Charter,

You are receiving this email because your district participated in the 2023 Wisconsin Indicator 14 Post School Outcomes (PSO) Survey of 2021-22 exiters with disabilities.

The amount paid to your district is based on the unduplicated count of district exiters who responded to the survey and met one of the eligibility criteria. **Districts are eligible for \$898.652 per eligible survey response as required in Wisconsin State Statute [115.884](#).**

To view the Transition Incentive Grant Funding report, log into the Indicator 14 website and click the **District Reports** link, and then the **Transition Incentive Grant Funding Report**. The number of your district's qualifying surveys is found in the column titled "# of Exiters Meeting Funding Criteria."
